HYGIENIC ZONE FOR SINGLE WORM/AUGER GRINDERS

A prime example of scansteel foodtech® hygienic design is given by the hygienic zone – positioned between the gear box and the grinding worm/auger. Please see pictures below.

HYGIENIC ZONE FOR DOUBLE WORM/AUGER GRINDERS

A prime example of scansteel foodtech® hygienic design is given by the two hygienic zones – one positioned between the gear box and feeding/breaking worm and one positioned between the gear box and grinding worm/auger. Please see pictures below.
